

1. Drop
2. Tag
3. Go!

SARCAN
RECYCLING
A DIVISION OF SARC

When the line gets long,
Drop & Go is an easy way
to drop off your containers
without the wait.

Simply drop off your containers, tag your bags, and go! We will send you your money through PayPal or you can come back to pick up a cheque.

Drop & Go is a *new service* that SARCAN is offering at our larger depots in cities and towns across Saskatchewan. When the line gets long, Drop & Go is an easy way to drop off your containers without having to wait.

Our staff *will still* count your beverage containers; after you can either come back to pick up a cheque, or receive your deposits refunds through PayPal.
